

## MEDIA RELEASE

### ACT Integrity Commission Operation Luna Update

19 June 2024

Following the completion of procedural fairness requirements under the *Integrity Commission Act 2018* (the Act), the Commissioner's Special Report into an aspect of its Operation Luna investigation has been completed. Pursuant to the requirements of the Act, when completed such a report must be given to the Speaker of the Legislative Assembly for tabling in the Assembly and publication on the Commission's website.

Interested parties were informed on Friday 14 June 2024 of the Commissioner's intention to provide the report to the Speaker today. One of those persons has commenced proceedings in the Supreme Court seeking an injunction to prevent the Commissioner from giving the report to the Speaker.

The court has made orders, amongst others, that the identity of that person not be published and setting down a hearing to consider the application on Friday 21 June 2024. In the meantime, the Commissioner has undertaken not to provide the Special Report to the Speaker.

Operation Luna is the code name for the Commission's investigation into the conduct of certain Canberra Institute of Technology (CIT) senior public officials relating to processes to procure consultancy services amounting to approximately \$8 million dollars.

It is not appropriate for any further comment to be made.
